

Immunization #2

Distribute information about the *Vaccines for Children* (VFC) Program in kindergarten registration packets or throughout your school.

Definition: The VFC Program provides low cost vaccines to eligible children. Information about the VFC Program is available from the Utah Immunization Program at the Utah Department of Health. You can include this information in Kindergarten round-up packets or display it at the school so it is available to everyone.

Assignments

School Coordinator Assignments

- Contact the Utah Immunization Program to get information and displays about VFC
- Either include flyers in your Kindergarten round-up packets or set up a display at the school for everyone to see
- You may also include a flyer about what immunizations are required for kindergarten entry in kindergarten round-up packets
 - Either make your own flyer or include “A Parents Guide to the Immunization Law”, available from the Utah Immunization Program
